Don't I need to live on a farm to join 4-H?

No! **4-H has opportunities for all youth.** 4-H is the University of Minnesota's out-of-school, hands-on learning program for young people. It is delivered in each county through UMN Extension and is a free, public program available to any young person. While 4-H is definitely a place to learn about animals and agriculture, the sky's the limit! 4-H offers learning experiences in science, photography, arts, healthy living, civic engagement, and much more.

While at the Nicollet County Fair, stop by Johnson Hall to learn more or contact the Extension office at 507-934-7828 or mnext-nicollet@umn.edu
